# 9th Sport and Development Caravan

*By AMSD in Ighrem (Taroudant / Morocco)*

*May 6th to 7th 2022*

# Hospitality and music to celebrate sport

*A warm welcome and a festive atmosphere*

# Inclusion is not an option

*Especially in remote or underprivileged areas, where there is still the need to give girls/women more access to education and sport.*

# Sport is at the heart of our mission

*We use **sport** as enabler for **social good** and **bettering** our young people.*

# Sport as a school of life

*We make our event an opportunity for **promoting** the practice of sport for **health** and **well-being**.*

Values of FairPlay are important and intrinsic to what we do

*Respect, friendship, team spirit, ..., solidarity, tolerance, **care**, ...*

# Education

*Concretely equip some local schools with several essential equipment: water heaters, computers, chairs, heating systems, etc.*

# Sport to promote love and sustainability

*Our Events are also opportunities to promote **sustainable behaviour** ... In Ighrem it was the **planting of 10'000 trees***

In our missions, every contribution counts.

*We are very grateful to everyone (young people, donors, volunteers, partners, authorities and all those who are not mentioned).*

Thank you **team**: you're just **great**!

*Everyone is there to keep **moving forward together** and wherever our **help** is needed.*

*« The great power of sport is when your own success can be used to help some and inspire others. »*
